To Whom it May Concern,

I have known Clint Elmore for 2 years and during that time I have worked closely with Clint and his team while he has worked as a Taxonomy Specialist in the Taxonomy Department. I have been consistently impressed by both Clint's ability to deliver projects under estimates and his dedication to our company during his tenure.

Clint distinguished himself by his serving as team lead on several Taxonomy initiatives and as a subject matter expert within the DIY segment. Clint is highly intelligent and has great analytical and communication skills.

If his performance in our company is a good indication of how he would perform in yours, he would be an extremely positive asset to your company.

If I can be of any further assistance, or provide you with any further information, please do not hesitate to contact me.

Sincerely,

Robert Gregory
